

WHO CAN SPONSOR THE MOST MEMBERS?

As part of our membership goals, we are sponsoring a Membership Contest this year, to determine who can sponsor the most people as new members. Contest ends at the New Orleans Seminar in October 2010 and winners will be announced then. To Participate, you must recruit at least TWO members to join the LPIA and in order for your sponsorship to count, the new member must designate you as their sponsor when they complete their membership application. Every Member is eligible to participate. It's easy to enter...simply recruit at least two new members who will write your name down when they apply.
